WELCOME TO LAS VEGAS

On behalf of The Falcone Group, we proudly present our Las Vegas Relocation Guide. If you are moving or planning to move to Las Vegas, this guide will give you some important information you'll need to start your new life here.

At one time considered a famed resort exclusively for the purpose of entertainment and gaming, our Valley continues to grow into a positive community adapting to the needs of all family life. With its growing economy, low overall taxes, and favorable cost of living, the population of Clark County continues to climb. According to the Clark County Comprehensive of Planning, the total population in Clark County is estimated to be 2,325,798 people. Clark Country includes the

cities of Las Vegas, Boulder City, Henderson, Mesquite, and North Las Vegas.

Las Vegas is a subtropical desert climate. The city enjoys abundant sunshine year-round: it has an average of about 300 sunny days per year with more than 3,800 hours of sunshine, the chances of a rain-out or (snow-out in winter are slim). The Nevada climate offers outdoor enthusiasts the ultimate playground. In the warmer months, Valley residents visit the nearby mountains and lakes to enjoy hiking and water sports. During the mild and pleasant fall & winter months, there are plenty of activities from which to choose including many events and activities as well a great selection of golf courses.

The very same bright sunshine, superb recreational opportunities, and first-rate attractions that draw millions of tourist and seasonal visitors have made the Valley one of the most popular relocation destinations in the nation.

THE HISTORY OF LAS VEGAS

Las Vegas ("The Meadows" in Spanish) was **founded** as a city on May 15, 1905. The Nevada Legislature created Clark County on July 1, 1909. The new county was named after William Clark, who brought the railroad to southern Nevada. Las Vegas became the county seat. At that time, Las Vegas was only 19.18 square miles and had a population of approximately 800, less than one percent of the state's total population.

On March 19, 1911, **gambling is legalized** in the State of Nevada. One month later the city issues six gambling licenses. Beginning in 1931, the construction of **Hoover Dam** brings an influx of construction workers which starts a **population boom** and gives the Valley's economy, which was in the grips of the **Great Depression**, a needed boost.

The outbreak of **World War II** brings the defense industry to the valley. The isolated location, along with plentiful water and inexpensive energy, makes Las Vegas an ideal site for **military and defense-related industries**. The site for Nellis Air Force Base is located in the northeast, and the Basic Management Complex, providers of raw materials, is located in the southeastern suburb of Henderson. The defense industry continues to employ a significant number of valley residents. In 1945, following World War II, lavishly decorated

resort hotels and gambling casinos offering top-name entertainment come into existence. **Tourism and entertainment** take over as the largest employer in the valley.

In 1969, **Elvis Presley** opens at the International Hotel, now known as the Las Vegas Hilton. Starting in the mid-1980s, a **period of unprecedented growth** begins. Annual population increases averaging nearly seven percent causes the city's population to almost double between 1985 and 1995, increasing from 186,380 to 368,360. Clark County's population increases from 562,280 to 1,036,180. The US Census reports the population of Las Vegas is 478,434 over a land area of 113 square miles. There are over 500 churches and synagogues, 799 acres of parks, 7 television stations and 12 radio stations (4 AM and 8 FM). Las Vegas is the **largest metropolitan city in the U.S. that was founded in the 20th century**.

The city of Las Vegas celebrated its **100th birthday** on May 15, 2005. The events celebrated the 1905 auction in which 110 acres of downtown Las Vegas laid the foundation for the city we know today. The celebration began on December 31, 2004, and lasted throughout 2005.

Situated in the Mojave Desert, Las Vegas experiences a desert climate with hot summers and mild winters. Summer temperatures often exceed 100°F, while winter daytime temperatures range from the 50s to 60s, with nights occasionally dropping to freezing. A common misconception is that Las Vegas is always hot, but spring and fall provide more moderate temperatures that are ideal for outdoor activities.

ALL ABOUT THE STATE OF NEVADA

STATE FUN FACTS

- Nevada was **named after the mountain range** in the west. From out at sea, Spanish sailors gazed upon the beautiful mountain ranges in California. They called these mountains, **Sierra Nevada**, giving the origin of the state's name "snow-capped" in Spanish.

- Nevada has **more mountain ranges than any other state**, with its highest point at the 13,145 top of Boundary Peak near the west-central border. In 1899 Charles Fey invented a **slot machine** named the Liberty Bell. The device became the model for all slots to follow.

Locals use terms like; The Sagebrush State, The Silver State, and The Battle Born State as **nicknames** for Nevada. Nevada is the **largest gold-producing state** in the nation. It is second in the world behind South Africa.

- The only Nevada lake with an outlet to the sea is man made **Lake Mead**.

DID YOU KNOW?

The state of Nevada gained it's nickname "**Battle Born**" because it was one of only two states admitted to the Union amidst the **Civil War**. Nevada achieved statehood on October 31, 1864, becoming the 36th state to join the Union.

The present **Nevada flag** is a beautiful cobalt blue, with a symbolic pattern in the upper left portion. The springs of sagebrush indicate that the yellow sagebrush is the national flower of the state. The state's nickname, "Battle born," is shown on the ribbon. The silver star stands not only for the state of Nevada, but also for the rich deposits of state mineral wealth.

VOTING & ELECTIONS IN CLARK COUNTY, NV

Preliminary Elections

- **Primary Elections:** For most non-presidential candidates, closed primary elections are held at party-specific events (Democrat or Republican). Only registered voters affiliated with these parties can participate.
- **Presidential Elections:** Nevada uses caucuses instead of primaries for presidential elections. Caucuses are also party-specific and require voters to be registered and affiliated with either the Democratic or Republican Party.
- **Caucus Process:** Democratic caucuses involve voters gathering into preference groups, while Republican caucuses use a straw poll with anonymous ballots. Delegates elected at caucuses represent their counties at the state convention, leading to national convention representation.

General Elections

- **Voting Locations:** In general elections, voters can cast their ballots at any designated voting location within their precinct. Early voting sites are available a few weeks before Election Day.
- **Election Day:** Election Day is the first Tuesday after November 1st. Voters must present a valid government-issued ID to receive a card for the voting machine.
- **Ballot Initiatives:** Voters can choose candidates and referenda that directly represent their electoral subdivisions, from local to federal levels.

Voter Registration

- **Eligibility:** To register to vote, you must be a U.S. citizen, at least 18 years old by the next election date, and have lived in Nevada and your precinct for the required periods.

- **Registration Methods:** You can register online, by mail, or in person at the Clark County Election Department or the Department of Motor Vehicles.
- **Contact Information:** For mail-in applications, contact the Clark County Election Department at (702) 455-8083. More information is available on the Nevada Secretary of State's website and the Clark County Election Department's website.

Additional Information

- **Mail Ballots:** Nevada conducts all-mail ballot elections, but in-person voting is still available. Voters can track their mail ballots online.
- **Same-Day Registration:** Available at Early Voting sites and Election Day Vote Centers with valid ID.
- **Election Security:** Measures are in place to ensure the integrity of the voting process, including secure ballot handling and auditing procedures.

For more detailed information, you can visit the Clark County Election Department's official website (clarkcountynv.gov/government/departments/elections) or contact them directly.

Soon, Las Vegas will be the home to four major league teams when the Athletics (aka A’s) of the MLB officially move to Las Vegas from Oakland, California.

The **T-Mobile Arena** is home to the **Vegas Golden Knights** hockey team, who have quickly become a fan favorite since their inception.
