Veterans Day is a celebration of our heroes. Jacksonville salutes its military in a big way with the annual Week of Valor celebrations every November.

From military bases, to armed forces monuments and attractions, the City of Jacksonville is the perfect destination for military families and groups to visit and honor their heroes. As the proud host of Florida's largest Veterans Day Parade, Jacksonville holds special events leading up to Veteran's Day that include family festivals, tall ship tours, military appreciation luncheons and special speakers. The parade is a patriotic spectacle that includes senior military officials, active duty and retired military units, veteran groups, local high school marching bands, ornamental floats and much more!

Enjoy the parade this year on November 11, 2024 at 11:00 am along Bay Street starting at Everbank Stadium and ending at the Prime Osbourne Convention Center.

An exciting new addition to honor our military history is the Jacksonville Naval Museum - USS Orleck. This retired naval ship turned museum in Downtown Jacksonville is open Wednesday-Sunday. Another great local attraction with military ties is the new Veterans United Craft Brewery, located in Jacksonville's Southside. Ron Gamble, a former naval flight officer, along with fellow Veterans opened the brewery in late 2014.

Prep your home *for fall*

November Home Maintenance Checklist:

- ☐ **Check Weatherstripping & Insulation**
As cooler air arrives, inspect doors and windows for drafts. Replace weatherstripping to keep your home energy-efficient.
- ☐ **Clean and Inspect Gutters**
Even though Florida doesn't get a lot of leaves, debris can still accumulate. Clear out gutters to prevent water damage, especially with fall rains.
- ☐ **Inspect Roof & Trim Trees**
Check the roof for any damage or missing shingles from summer storms. Trim trees and branches away from the house to prevent them from falling during windier winter weather.
- ☐ **Service HVAC System**
Schedule a maintenance check for your HVAC system to ensure it's ready for cooler temperatures. Change air filters and make sure your heating is functioning properly.
- ☐ **Inspect & Seal Windows**
Seal any gaps or cracks around windows to prevent air leaks and improve energy efficiency as the weather cools.
- ☐ **Test Smoke & Carbon Monoxide Detectors**
Replace batteries and test all smoke and carbon monoxide detectors to ensure they're in working order, especially as the holiday season approaches with more cooking and festivities.
- ☐ **Check Outdoor Lighting**
As daylight hours shorten, ensure all outdoor lights are working. Replace bulbs or add lighting if necessary for safety and security.
- ☐ **Clean & Store Outdoor and Pool Furniture**
If you have patio furniture that you won't use as much in the cooler months, clean and store it to prevent weather damage. Consider covering any that remain outside.
- ☐ **Winterize Irrigation System**
Even in Florida, you may want to adjust your irrigation schedule for the cooler months. Inspect the system for leaks or clogs and consider reducing watering frequency.
- ☐ **Prepare for Holiday Guests**
Inspect guest rooms and common areas. Freshen up linens, check plumbing fixtures, and ensure everything is in working order if you plan to host guests during the holidays

...and if you're over your home and ready to sell just call me :)
