Real Estate Tip of the Week:

“Labor Day is the perfect time to reflect on your home goals.”

As families settle into the school year, the fall market often brings motivated buyers and sellers. If you've been considering listing your home, preparing now with small updates—like fresh paint, landscaping, or decluttering—can help you get ahead of the competition. If you're buying, start with a pre-approval so you're ready when the right home appears.
