What Impacts Your Home Value

THE TOP FACTORS BUYERS ACTUALLY CARE ABOUT.

- **Location** - Buyers pay more for homes in strong neighborhoods, near schools, parks, and convenience.
- **Condition** - Well maintained homes feel move-in ready and often attract higher offers.
- **Upgrades** - Updated kitchens, bathrooms, flooring, and fixtures can increase your home's appeal and value.
- **Market demand** - When more buyers are looking, homes sell faster and for stronger prices.
- **Nearby competition** - Active listings in your area influence what buyers are willing to pay for yours.
- **Timing of your sale** - Season, interest rates, and inventory levels affect buyer activity and final price.

I'll give you a clear range to show you how buyers view your home in today's market.

First Impressions Matter

BUYERS OFTEN DECIDE WITHIN THE FIRST 10 SECONDS.

Buyers look for clean, bright, and open spaces. Even small changes can create major value.

Top impact areas:

- Cleanliness and smell
- Lighting
- Decluttering
- Simple decor
- Curb appeal

I guide you on what to adjust so your home shows at its highest value.

Your Selling Options

YOU HAVE TWO MAIN WAYS TO SELL YOUR HOME. EVERY SELLER HAS DIFFERENT GOALS. I HELP YOU CHOOSE THE OPTION THAT BRINGS YOU THE HIGHEST PROFIT WITH THE LEAST STRESS.

FINANCED OFFERS EXPLAINED

Financed offers include an appraisal, loan approval process, and standard timelines. They often produce the highest net for sellers.

Pros

- Highest sale prices
- Larger buyer pool
- Competitive terms and incentives
- Best for maximizing net proceeds

Cons

- Requires appraisal
- Potential lender delays
- More steps between offer and close

30–45 day timeline, lender updates, appraisal review.

CASH OFFERS EXPLAINED

Cash buyers typically close in 7–10 days. They often request a discount in exchange for speed and certainty

Pros

- Fastest possible closings
- No appraisal risk
- Fewer delays
- High certainty

Cons

- Typically lower than financed offers
- Limited competition
- Investors may ask for credits

7–14 day escrow, minimal paperwork, no lender delays.

How We Price Your Home

THE RIGHT PRICE BRINGS THE RIGHT BUYERS.
PRICING CORRECTLY BRINGS MORE INTEREST
AND STRONGER NEGOTIATION POWER.

TOGETHER WE CHOOSE THE STRATEGY THAT
FITS YOUR HOME AND GOALS.

1. Pricing Below Market

- Creates urgency and increases showings.
- Often leads to multiple offers and strong final numbers.

We look at:

- Similar homes recently sold
- Current competing listings
- Market shifts
- Buyer demand
- Your home's condition

No guessing.

No overpricing.

No wasted time.

2. Pricing At Market Value

- Attracts serious, qualified buyers.
- Stable and predictable strategy for most sellers.

We price your home to attract the best buyers and negotiate the strongest terms.

3. Pricing Above Market

- Used when a home has unique features or low competition.
- Requires patience and strong marketing.

Frequently Asked Questions

How do we decide the right price?

We look at recent sales, active competition, and current demand. My goal is to price your home where it attracts strong interest and protects your equity.

How long will it take to sell my home?

Most homes sell within 30 days, depending on pricing, condition, and market demand. I'll walk you through what to expect so the timing feels clear and predictable.

Do I need to fix everything before listing?

No. I'll guide you on what truly matters. Small improvements often make the biggest impact, and I help you avoid unnecessary costs.

Do I need professional photos and video?

Yes. Buyers shop online first. High-quality photos, video, and 3D tours help your home stand out and attract more serious buyers.

Can I buy and sell at the same time?

Yes. We create a plan that keeps you protected, whether that's a leaseback, extended closing, or timing your purchase and sale together.

What happens after I accept an offer?

We move into inspections, appraisal, and loan approval. I manage the entire process, keep you updated, and make sure every step stays on track.

What if I'm still living in the home while selling?

Totally normal. We create a showing plan that works around your schedule and keeps things stress-free for your family.

How do showings work?

I coordinate everything. You'll get notice ahead of time, and we keep showings organized so buyers can experience the home while your routine stays manageable.

Should I stage my home?

Staging helps buyers imagine living in the space. Even light staging or clean, simple styling can make your home show better and photograph beautifully.

What costs should I expect?

Typical costs include title fees, transfer tax, and agent compensation. I give you a full net sheet so you know your estimated bottom line before we list.

What if the buyer's inspection finds issues?

This is common. We review the requests together and negotiate in a way that protects your bottom line while keeping the deal moving.
